

Portfolio Daemon — Improvement Recommendations

Project: Portfolio Daemon

Technology: Python, asyncio, asyncssh, httpx, watchdog

Location: /home/dominic/Documents/portfolio-daemon

Report #: 19/20

Short-term

- Add self-health check endpoint
- Add log rotation
- Write tests

Medium-term

- Add web UI for daemon status
- Add alerting (email/webhook)
- Add configuration validation

Long-term

- Add load-aware service management
- Add remote daemon management API
