

Portfolio Daemon — Known Issues and Bugs

Project: Portfolio Daemon

Technology: Python, asyncio, asyncssh, httpx, watchdog

Location: /home/dominic/Documents/portfolio-daemon

Report #: 18/20

1. **No health check** for the daemon itself
2. **SSH key paths** in config — security risk
3. **No logging rotation** — logs could grow unbounded
4. **Process cleanup** — zombie processes possible
5. **No tests** — critical infrastructure untested
