

Python Portfolio — Security Audit

Project: Python Portfolio

Technology: Python, FastAPI, SQLAlchemy, SQLite, Pydantic, JWT

Location: /home/dominic/Documents/python-portfolio

Report #: 9/20

Issue	Severity	Description
Shared JWT across modules	Medium	One compromised key = all modules
No refresh tokens	Medium	Long-lived JWT
CORS allows all origins	Medium	Should restrict in production
SQLAlchemy prevents injection	Good	ORM usage
