

Python Portfolio — Known Issues and Bugs

Project: Python Portfolio

Technology: Python, FastAPI, SQLAlchemy, SQLite, Pydantic, JWT

Location: `/home/dominic/Documents/python-portfolio`

Report #: 18/20

1. **SQLite** — single-writer bottleneck for 5 modules
2. **No database migrations** — schema created at startup
3. **Shared JWT secret** — all modules share auth
4. **Single process** — crash takes down all 5 modules
5. **No rate limiting** on any endpoint
